

Enquires Relating to Vaccination Category

The practice is receiving a number of enquires relating to the priority categories for the Covid-19 vaccination. Some patients are making requests for certain circumstances to be taken into account in order to raise their priority category.

We fully understand the anxiety and pressures on our patients at present. However, we are unable to alter an individual's category if they do not fall into the specific criteria that have been set out by the Joint Committee on Vaccination and Immunisation (JCVI). We kindly ask that our patients refrain from contacting the practice to make these requests.

We can however reassure you that we are doing everything possible to progress with the vaccination program as quickly and safely as possible. Our exceptionally hardworking staff at Furnace House have been working in conjunction with the Hywel Dda Mass Vaccination Centre staff to offer and administer vaccines to all eligible patients.

If you wish to find out further details of the JCVI category criteria please visit the following link:
